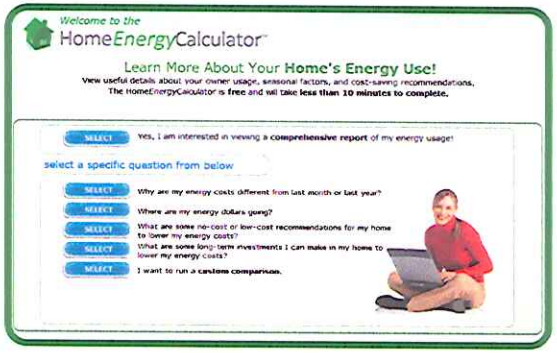
HomeEnergyCalculator™

Community Electric Cooperative
A Touchstone Energy® Cooperative

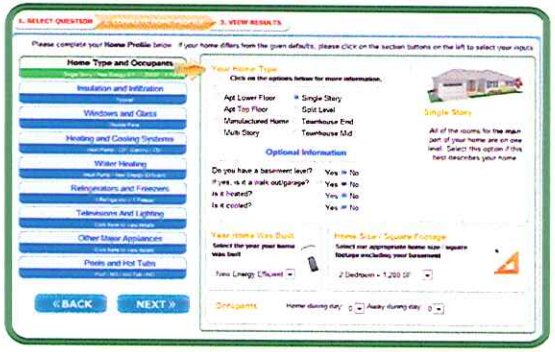
1

Go to **www.comelec.coop** and click "Energy Savings Tools." Choose your Internet speed. Then to learn about your home's unique energy use, select a Comprehensive Report or one of five questions on the Home*Energy*Calculator.



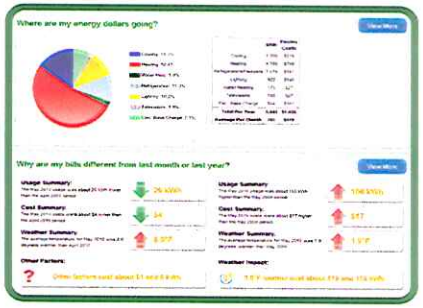
2

Complete your personal Home Profile. Start with Home Type and Occupants and move through Insulation and Infiltration, Windows and Glass, and so on. It's fast and fun! Click Next to launch the Calculator.



3

View Results based on your home. Our Calculator does the work. See "Where Your Energy Dollars are Going," "Why Your Bills are Different from Last Year," and much more.



4

View Results based on your home. Our Calculator does the work. See"Where Your Energy Dollars are Going," "Why Your Bills are Different from Last Year," and much more.
