

A Message From Your Park Board

An effective park system can only be successful through the efforts and involvement of those who use the facilities. We on the park board try to reflect the wishes of residents. We are proud of the park system and hope you agree it is a contributing factor to the high quality of life that exists in our city.

Over the years, individuals and groups have expressed an interest in donating funds for facilities, equipment, plants, trees, and other items to your park system. Thanks to your generosity, we have been able to respond to the needs of the Kirkwood community identified in our long-range planning efforts.

Donations made through Our Greentree Legacy provide a means of noting a special event, a memorial to a friend or a family member or just a way to contribute to the future of your leisure environment.

To recognize those who have donated to the Kirkwood Parks Commemorative Fund, we have expanded the program by building memorial plazas in Kirkwood Park and Meacham Park Memorial Park, paved with commemorative bricks. Future donations will be recognized through this program, as well as the existing tree and bench donation program. If you would like to donate to the fund, please fill out the enclosed donation form.

Should you have any questions or comments about Our Greentree Legacy, the Kirkwood Parks Commemorative Fund, please contact the Parks and Recreation Department at 314-822-5855.

Thank you for your support of Kirkwood's parks.

Our Greentree Legacy

Like all other living things, your parks respond to many moods and seasons. In the Kirkwood park system, you can find an experience to match your mood. From a tranquil walk with nature, to a vigorous game of tennis, to a concert under the stars, to a leisurely stroll around Walker Lake, you can be as active or as passive as the mood strikes you. A quality park system not only reflects the needs of the residents but also reflects their many moods.

Your gift to the Kirkwood park system is one that will have a lasting impact on future generations. You can help ensure that a variety of experiences will be available for anyone to enjoy-today, tomorrow and for years to come.

“Today I have grown taller from walking with the trees.”
