

WHERE COMMUNITY AND SPIRIT MEET

## Notice to Customers

Dear Kirkwood Electric Customer: As part of our ongoing commitment to maintain a high quality of life for our customers through cost-effective, innovative systems, we have contracted with Global Mapping Solutions (GMS) to audit Kirkwood Electric's infrastructure.

The audit process is expected to take about three months and be completed by Thanksgiving. We are notifying you now because Global Mapping Solutions employees may be passing through your yard to collect data associated with poles, wire, transformers and meters.

An appointment is not necessary and will not be scheduled. Your electric service will not be interrupted.

GMS installers will carry identification indicating their name and employment when they are working in your neighborhood. A sign will be displayed on vehicle dashboards identifying them as Kirkwood Electric contractors. Installers wear yellow shirts or safety vests to provide visibility to vehicular traffic.

If you have any questions, please contact Kirkwood Electric at (314) 822-5842.

Mark Petty

Director, Kirkwood Electric
