Kirkwood Parks Assistance Corps

KPAC
Kirkwood Parks Assistance Corps

What do we do?

Kirkwood's Parks & Recreation Department has established a volunteer program to enhance City parks through preservation and restoration of natural landscapes and forest. **KPAC's main objectives are:**

- To remove invasive plants and help keep them under control;
- To perform other horticultural activities, such as (but not limited to): Planting, trimming, dividing, transplanting, weeding, watering, mulching.

Our volunteer program will offer you the opportunity to:

- Work outside in park settings, within an organized volunteer program
- Give back to your community by investing your time and talents to help park staff keep your parks looking beautiful and healthy
- Work beside and learn from our horticulturist about how to care for plants and trees
- Learn what tools to use in maintaining park grounds and how to properly use them
- Learn First Aid and take CPR training
- Learn how to safely work in groups
- Be provided with a tee-shirt that will identify you as a KPAC volunteer
- Work at special events and on park tours, or become a park docent
- Make new friends

PARK PROJECT DAYS:
In addition to regularly scheduled projects, we have several "done in a day" projects, such as beautification, invasive species removal, trash/waterway clean-up, plant division, weeding/mulching, bulb planting, playground clean-up, and general repairs and maintenance.

LEARN MORE AT OUR OPEN HOUSE: If this sounds like a great opportunity to you, please plan to attend the KPAC Open House on Saturday, April 5, at 10:00 a.m., at the Parks' Maintenance Facility, 614 W. Adams Avenue, next to the water tower in Kirkwood Park. If you can't make the Open House, please call Bill Burckhalter for more information, or to sign up, at 314-792-4125.
