

## **ATHLETIC LEAGUE ACCEPTANCE POLICY**

The following point priorities are used in situations where more athletic teams apply for a league than capacity permits. When submitting a roster or entry for any league, the applicant should assume that more teams would apply than can be accepted.

### **POINTS:**

Two (2) points will be awarded for each legitimate Kirkwood resident on the roster. Complete address and phone number must be noted for each player. Please be sure that all information is accurate. Incorrect information may result in your roster being dropped from consideration.

Five (5) points will be awarded for having a Kirkwood business, service organization or chartered non-profit group as a sponsor. All that is required of such a sponsor is that the business or organization know of and consent to the use of their name, and submit a letter on business stationery along with the roster acknowledging their permission. A business or organization may sponsor only one team per league.

Points will be totaled and teams selected to fill available spaces according to the highest point totals. In the cases of some activities there may be choice of nights on which to play. Teams should note on the roster their first and second choice of nights. If a team's first choice is already filled, they will be placed on their second choice if there are spots remaining in that league.

If two teams competing for a single spot have the same point total, the team submitting their roster the earliest will be awarded the spot.

**Rosters submitted after the deadline in the league information letter will not be eligible. There are no exceptions to this rule.**

### **RETURNING TEAMS:**

If your team played in the last season of the same league, you can retain your spot in the league without going through the point system providing you meet the following qualifications:

1. At least 2/3 of the players listed on your roster for the previous season must appear on your current roster.
2. All returning teams must submit a completed roster AND payment in **by the registration deadline.**
